

Educational Visits and Learning Experiences Grant

Sir Jack believed that young people should have every opportunity to get out and about in their community to learn something new.

Our Educational Visits and Learning Experiences Grant exists to make trips in the UK more accessible and affordable for schools and youth organisations.

TRIPS SHOULD HELP YOUNG PEOPLE TO:

- ✿ Access new experiences and environments
- ✿ Foster teamwork, confidence, resilience or leadership
- ✿ Experience art, culture, nature or sport
- ✿ Support personal growth or learn something new
- ✿ Learn from experts

WHAT WE CAN FUND:

- ✓ Travel and accommodation costs
- ✓ Entry fees or ticket
- ✓ Camping or residential bookings
- ✓ Up to two staff places (at the same value as the young person allowance)

For **SEND groups, PRUs and Alternative Provisions**, we may consider a higher per head funding allowance if you'll incur additional costs to run the trip, such as:

- ✓ Additional staff tickets, hire of specialist transport, accessibility modifications

WHAT WE CAN'T FUND:

- ✗ Food or refreshments
- ✗ Trips outside the UK
- ✗ Annual memberships or subscriptions (e.g. football league fees)

Please note... If your trip is mainly for fun or social activities, our Achievement Award or Leader Award Grants may be more suitable (such as theme parks, ice skating, bowling, trampolining).

This grant is not currently available to our uniformed organisations.
